

3m Long Mobile Charge Sync USB to Slim Micro USB Cable for Smartphones and Tablets - 24/30 AWG

StarTech ID: USBAUB3MBK

Tired of being attached to the wall when charging and using your phone or tablet?

The USBAUB3MBK Micro USB cable offers 3 meters in cable length so you can charge your device in comfort and from a distance. Plus, the cable offers a slim design that lets you plug into your device without having to take it out of its case for every charge and sync.

Charge and work from a distance

Charge your device even while you're taking notes in a boardroom, catching up on emails in a hotel room, or reading in a coffee shop. The 3-meter long charge cable overcomes distance restrictions and lets you stay connected even while charging.

Deliver full charging power

Provide full charging power, with no loss of charge time, even at distances of up to 10 feet (3 meters) away from your charger. The heavier gauge (24/30 AWG) wire lets you charge your mobile devices without slowing down charge time - allowing you to stay connected and charge at the same speed as you would using a shorter cable.

Connect with ease

Stop removing the case from your phone or tablet every time you charge or sync your device. The cable offers a slim Micro USB connector molding that plugs into your device even while it's inside a protective case.

Designed and constructed for maximum durability, this high quality USB-A to Micro-B cable is backed by StarTech.com's Lifetime Warranty.
