

Siberia 350

Title	Siberia 350																				
Description	The Siberia 350 is built for total gaming immersion. Powerful, next-gen SteelSeries speaker drivers paired with DTS Headphone:X 7.1 surround sound deliver detailed sound for enhanced gameplay. The iconic Siberia suspension headband returns offering enduring, lightweight comfort for hours of gaming. When using the built-in USB connection on PC or Mac, and SteelSeries Engine 3 software, you can further customize the high-end sound and illumination options. Noise-reducing, memory-foam ear cushions aid in isolating the natural sounds and powerful bass. A retractable, flexible crystal-clear microphone can be muted with the flip of a switch behind the earcup.																				
Features	* Natural sound and powerful bass thanks to next-generation SteelSeries speaker drivers * Redesigned acoustics via hand-selected components, and re-engineered internals * Step onto the battlefield with the immersion of DTS HEADPHONE:X 7.1 SURROUND SOUND * Customize the incredible audio for an individual experience using SteelSeries Engine 3 * Choose from 16.8 million different colors to illuminate the earcups along with the ColorShift custom effect * Backup audio and illumination preferences with SteelSeries Engine 3's CloudSync™ * Comfortable and lightweight self-adjusting headband * New memory foam ear cushions for a better fit and improved noise reduction * Crystal-clear microphone is flexible and can be hidden away in the earcup * Mic features Noise Suppression and Auto Compression: SteelSeries DSP technology for optimal voice communication * Built-in USB audio connection for use on PC, Mac and PS4 * Microphone mute switch on the back of the left earcup * New flexible and durable reinforced design * Our most durable USB headset cable
