

Voyager Legend™ UC

Intelligent communications
in and out of the office

Our best ever professional mobile UC headset

Target customer

Mobile professionals are always on the move, usually on the phone, and hard at work wherever they go. They can't afford to run out of power or be held back by their environment. Mobile professionals need to be able to deliver the same level of service and high quality of work at all times. That means heavy phone usage, with lots of outbound calling. It also involves reliable access to the internet, e-mail and all the resources and applications that are available back at the office. And they could be anywhere, including at home, in the car or at a café, hotel, station, airport or customer site.

Headlines

Intelligent communications in and out of the office
 Voyager Legend™ UC: our best ever professional mobile UC headset
 Finally, a headset that works hard to make UC communication simple.
 The only UC headset you need for everywhere you work.

25 words (option 1)

Plantronics Voyager Legend™ UC meets the demands of mobile professionals like never before. With connectivity to PC, smartphone, or tablet, sensors, precisely-tuned audio, voice controls and advanced charging accessories – it's the only headset you need for your mobile life.

25 words (option 2)

Plantronics Voyager Legend™ UC is the mobile professional's complete headset solution. With connectivity to PC, smartphone, or tablet, intuitive sensors, voice commands, advanced charging accessories and precision-tuned audio – it's built for how you work today and into the future.

50 words (option 1)

Plantronics Voyager Legend™ UC meets the demands of mobile professionals like never before, with connectivity to PC, smartphone or tablet. Smart sensors anticipate your needs, voice alerts keep you informed and voice commands keep you in charge. A portable case and desktop stand are included for anywhere charging, while precision-tuned triple mics cancel noise and wind like never before – it's the only headset you need for your mobile life.

50 words (option 2)

Plantronics Voyager Legend™ UC is the most complete solution for your mobile life offering connectivity to PC, smartphone or tablet. The headset understands how you want to talk, with industry-first Smart Sensor™ technology and advanced voice commands and alerts. A portable charging case and desktop charging stand mean it's always ready, while precision-tuned triple mics cancel noise and wind no matter where you land – it's built for how you work today and into the future.

100 words (option 1)

Plantronics meets the demands of the mobile professional like never before with the Voyager Legend™ UC. It's the Voyager family's most complete solution: connectivity to PC, mobile, or tablet; precision-tuned triple mics for unprecedented noise and wind reduction; up to seven hours of talk time; a portable charging case for use on-the-go and a desktop charging stand for when you touch down. Industry-first Smart Sensor™ technology answers the call when the headset is placed on your ear, and a complete set of tap and talk voice commands and alerts — now including mobile-caller name announcement — means that call management is simple and intuitive. More than a technological leap forward, it's a platform built for how you work today, and into the future.

100 words (option 2)

Plantronics Voyager Legend™ UC is the Voyager family's most complete solution with connectivity to PC, mobile, or tablet. This is the headset that understands how and when you want to talk, with industry-first Smart Sensor™ technology that reacts when you put the headset on, letting you quickly take a call without a click. Tapping the voice command button provides battery level, connection status, and more. A portable charging case and a desktop charging stand mean that it's always ready, while precision-tuned triple mics cancel noise and wind no matter where you land. Versatile and adaptable, the Voyager Legend UC is the only headset system you need for your increasingly mobile life.

Short and Long Bullets

Multi-connectivity

- Manage PC and mobile device calls from a single headset
- Premium wireless Bluetooth® headset system that seamlessly manages calls to and from your PC and mobile device

Smart Sensor™ Technology

- Smart Sensor™ technology for a seamless and intuitive user experience
 - Automatically answers calls simply by placing on your ear
 - Automatically transfers calls between mobile phone and headset
 - When on a mobile or PC call, softphone presence is automatically updated
 - Eliminates accidental dialling by locking call button when headset is not worn
- Smart Sensor™ technology revolutionises PC and mobile phone communication by working with you to simplify your day.
 - Senses when you put on the headset and automatically answers PC or mobile calls
 - When headset is not worn, incoming mobile calls route directly to your mobile phone, simply place the headset on and your calls automatically transfer back to the headset
 - When on a mobile or PC call, softphone presence is automatically updated so colleagues know you are available
 - Eliminates accidental dialling by locking call button when the headset is not worn
 - Automatically pauses multi-media audio when headset is removed and resumes when headset is replaced
